<!-- ABOUT -->

<section class="about">

<div class="container">

<div class="about-grid">

<div class="about-text reveal">

<div class="section-label">About the Company</div>

<h2 class="section-title">Grounded in the Field.
Trusted by Institutions.</h2>

<div class="about-divider"></div>

<p>

Mul Biotech Farms Private Limited is an agri-biotech company based in Rishra, Hooghly, West Bengal. Operating since 2019, we conduct field R&D across aquaculture, hydroponics, aquaponics, mushroom cultivation, spirulina farming, agroforestry, and carbon farming.

</p>

<p>

Our founding R&D site — Unit Nasibpur — operated continuously from 2019 to 2024, generating validated SOPs, production data, and scalable models across 7 distinct farming systems. Every product, training, and consultancy we offer is backed by this field record.

</p>

<p>

Incorporated as a Private Limited company in April 2026, we are registered under MCA (CIN: U01111WB2026PTC292686) with an active GSTIN, MSME registration, NABET accreditation, and UNGM Vendor status — making us credible across grassroots, government, and international procurement contexts.

</p>

<p>

Our climate arm operates through SequestraBionix Foundation (CIN: U88100WB2025NPL280280) for CSR and carbon credit engagements.
